

NEWS ABOUT BLUE

Now Carrying *Clawdaddy* tires !

Clawdaddy tires are made to give you the softest ride of any solid tire while giving you the longest life with the most traction. These solid rubber tires fit all major brands of skid steer loaders!

Longer Life - *Clawdaddy* tires last 3-5 times longer than conventional tires. These tires give you a larger tire outside diameter, making the tread depth deeper and putting the tire on 16" vs 20" rim giving you 4 more inches of rubber.

Flat Proof - *Clawdaddy* tires are guaranteed not to get flats.

Low Cost Operation - *Clawdaddy* tires reduce cost of operation through their longer wear and less shock abuse to your equipment.

Big Tread - *Clawdaddy* tread depth is almost 3x greater than a standard air tire.
