

NEWS ABOUT BLUE

Correction We recently mailed out invitations for our open house along with a pre-order form for oil, filters and other parts. We need to note that the price listed for the 55 gallon hydraulic and engine oil is listed wrong. The discounted price is actually \$755 for the 55 gallon quantities. We apologize for sending out incorrect information.

Stop in during **OPEN HOUSE WEEK!**

March 11-16th

Donuts and Coffee served all week!

Need A New Gift Idea?

Come check out our newly replenished stock of New Holland hooded sweatshirts. We have youth sizes up to 3XL, including tall sizes.

New Faces

Ellens Equipment is proud to welcome and introduce Tim Reese to the service department team. Tim joins Ellens Equipment with 12 years of experience working with heavy equipment. Recently Tim moved to Michigan from Louisiana and he is slowly adjusting to the colder weather we have up here.

Stop in and meet Tim when you're getting your equipment serviced.

Continuing Education

In order to stay up to date with all the new industry trends, techniques and ever changing practices, Ellens Equipment employees continue to attend training school events in order to provide exceptional ongoing service to our customers.

New Holland FR Choppers - Brent Whetstone attended the level 1 FR Chopper training in Aims, Iowa to better service our self-propelled chopper customers. Luke Ellens attended the FR Chopper updates meeting in Aims, Iowa to stay current with any updates and changes made to the FR Choppers.

Kinze - Shawn Short and Don Ellens attended the Kinze update meeting in Iowa focused on the NEW 4900 series planter amongst other equipment updates.

Precision Land Management - Kyle Ellens attended the three day training covering row clutches, sprayers and various techniques to maximize productivity for planting and spraying equipment users. Luke Ellens attended a PLM training as well in Dallas, TX focusing on software, intelliview systems, setting up fields, making A B lines and more.

New Holland T9 Series - Kyle Ellens attended a four day training in Racine, WI covering various aspects on the technical systems of the T9 FWD series.
