Ellens Equipment will be hosting a Precision Land Management (PLM) guidance training and re-fresher course this spring. We will have a New Holland PLM Expert leading the course and Ellens Equipment PLM Specialists on hand to assist customers who want to learn how to better use their guidance equipment.... Watch your mail for an invitation this Spring!

## Ellens Equipment Faces

Welcoming ... Tom Raska! Ellens Equipment is very excited to introduce Tom Raska to the team. Tom joins Ellens Equipment with lots of experience working with Bobcat equipment. As we recently added the FULL Bobcat line of equipment, we are glad to have an expert onboard. Call Tom with any questions or inquiries on Bobcat equipment!

Noticing ... Joe Schutte! Joe Schutte was recently featured in New Holland SMART Dealer News publication as gaining his Master Technician Certification. Joe has been a technician for over a decade and is noted as a Master Tech in engines, balers and haytools. Joe recently traveled to New Holland Pennsylvania to receive further training on New Holland FR Forage Harvesters.
