

# NEWS ABOUT BLUE

## UPCOMING : WAYS TO LEARN

### REGISTER NOW: Precision Land Management - Guidance Refresher

Ellens Equipment will be hosting a Precision Land Management (PLM) guidance training and refresher course this spring. We will have a New Holland PLM Expert leading the course and Ellens Equipment PLM Specialists on hand to assist customers who want to learn how to better use their guidance equipment!

If you're interested in coming to learn more about your guidance system or you need a refresher before the 2015 season, call or email Nicole Koetje for more information:

**231-825-2416 or [nicole@ellensequipent.com](mailto:nicole@ellensequipent.com)**

### OXBO Spring Clinic

Do you have an Oxbo Merger or plan to get one soon? Ellens Equipment is offering a Spring Oxbo Clinic for you to come learn about Oxbo updates, usage and maintenance. An Oxbo specialist will be on hand to present sales and maintenance information.

**When: April 8th at 10:15am**

**To Register: Call or email Nicole Koetje  
231-825-2416 [nicole@ellensequipment.com](mailto:nicole@ellensequipment.com)**

104 W Maple St ~ McBain, MI  
Mon-Fri: 7:00 - 5:00 ~ Sat: 8:00 - 12:00  
231-825-2416 / 800-825-2401  
[www.ellensequipment.com](http://www.ellensequipment.com)

Ellens Equipment is now an approved Bobcat dealer and is offering the full line of Bobcat products! We will be stocking Bobcat parts and providing service to keep all units up and running. If you were considering a Bobcat product, we will now be able to help you fill your need.

**Come and get your name on one NOW!!!**

## **Spring Chopper Clinic - COMING SOON!**

Ellens Equipment will be hosting another Spring Chopper Clinic for New Holland Forage Harvester owners and future owners to come hear about FR updates, maintenance, and other key service points to maintaining your piece of equipment.

If you're interested in attending the Spring Chopper Clinic at Ellens Equipment, contact Luke Ellens:

Call: 231-825-2416 or email: [luke@ellensequipment.com](mailto:luke@ellensequipment.com)

### **New Faces at Ellens Equipment**

Introducing Dan Allarding to the Ellens Equipment service technician team. Dan joins the team with a wealth of knowledge to service equipment for the customers in our area.

Welcome Dan!

### **Continuing our Education**

Wayne Roper is currently in Iowa continuing his education on Precision Land Management guidance systems. Wayne will become a Certified Precision Land Management Specialist this year. He will be putting his education to use as we head into the 2015 season.
