

MONITOR TRAINING REFRESHER

Hosted by Ellens Equipment and New Holland's
Precision Land Management Training Team

Ellens Equipment is excited to host a monitor and guidance training for you and your farm's equipment operators. New Holland Precision Land Management (PLM) Specialists will be providing training for you and your team so that you can utilize the many features available through the PLM equipment you own.

The event will cover New Holland Factory Guidance Systems.

Space is limited so reserve your seats now!

Contact Nicole or Morgan to reserve your space today: 231-825-2416
